SOURCES:

The main coursebook and workbook with audio texts and the online version (available on www.hueber.edupool.de) is Krenn, W. & Puchta, H.: Ideen. Deutsch als Fremdsprache 2. Kursbuch und Arbeitsbuch.

Additional materials are chosen from appropriate text-books and from a number of authentic sources such as reference material from library, songs, shorts stories, magazines and cartoons, audio-visual materials designed for German native speakers, classic literature, radio, television, films and Internet.

OBJECTIVES:

The language acquisition subject group objectives represent some of the essential processes of language and have been organized under the same four communicative processes for each of the six phases in order to assist teachers with planning, teaching and assessing.

A – Listening – understand spoken language from various sources in a variety of topics, recognise some different types of discourse and main ideas and draw conclusions.

B – Reading - demonstrate comprehension of ideas in a variety of authentic material including literary and non-literary texts, identify important points, extract relevant information.

C – Speaking – acquire good pronunciation and intonation, take part in conversation and express personal feelings and opinions, use a variety of vocabulary with accuracy appropriate to the level, take part in formal and informal discussion on a variety of topics related to the areas of interaction and cultural issues.

D – Writing – express yourselves in an appropriate form with reasonable ease and accuracy.

DIFFERENTIATION

For students with

Dyslexia and Dysgraphia

- Bigger font in Sarif, bigger space between rows, use of highlighter or bright colours

- Dividing texts, practise sheets, assessment tasks and instruction papers in smaller sections
- Give more time for reading and checking if the text/questions are understood
- Tolerating writing mistakes
- Questions should be written on the same page
- Allowing longer time for finishing a task if needed
- Working in pair or team with peers
- Check the ability of students to read maps and act according to that (more practise, allowing more time for map work)

ADHD

- Bigger font and space between rows
- Shorter paragraphs
- Avoid tables if needed
- Check which type of graphs/diagrams are suitable for the student
- Fewer questions in tests
- Frequent checking if a student is concentrated on the work
- Instead of complex questions with a, b, c..., create separate questions
- Questions and enough space for answers should be on the same page
- Work in pairs or small teams (up to four)
- Creating summary sheets if needed
- Encourage students to participate in class discussions
- Commend student on progress
- Regularly make notes about progress in e-dnevnik
- Allowing the student to leave the classroom for a short time during the lesson if needed

Hearing disability

- Face the student during a lesson as often as possible
- Using PPT more often than writing on the board
- Check understanding of the content
- Check the notes in student's notebook

- Providing summaries for a unit or parts of it if needed
- Pay attention that the student is not disturbed by a variety of sounds (other students, films, outside or background noise...)
- Work in pairs and small groups

Hodgkins

- Prolonging deadlines if needed
- Providing summaries if needed
